Information Disclosure Statement

1. The information disclosure statement filed October 17, 2005 has been considered. Please see the attached initialed PTO-1449.
2. The references cited on the PTO-892 are included because they were cited on the original patent and are still relevant prior art. Since they were previously cited copies have not been furnished.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The claims are allowable for the reasons previously noted. The references on the IDS filed with the amendment do not alter this conclusion. While studies of short-term CR are discussed there is no suggestion of the creation of a method of identifying an intervention that mimics the effects of caloric restriction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
